

COMPUTER ASSISTED TRANSLATION (CAT) TOOLS

Webinar

SDL Trados Studio + Memo Q

● Duration

1/2 day **or** full day

AM SDL Trados Studio : 9.30 to 12.30 GMT

PM Memo Q : 13.30 to 16.30 GMT

● Number of participants

Minimum 10 – Maximum 20

● Date

Friday 9th April 2021

● Trainers

Training is provided by an experienced higher education trainer and professional translator/localiser.

● Price

Half day: **£150**

Full day: **£240**

● Course outline

The course is aimed at translators who:

- have no knowledge of CAT Tools
 - know the principle of CAT Tools but need revision
 - would like to know more about the two main CAT tools on the market before investing in one
- It is designed to present both pieces of software to the participants and give them a good overview of how it can help them in their activity as a translator.

● Outcomes

- Understand the way CAT tools work and how they can be of great use
- Understand the specific vocabulary used by agencies (fuzzies, repetitions, matches, etc.) and their implications
- Being able to start using SDL Trados Studio and/or Memo Q in a professional way

Our trainers are based in a dedicated professional audio-visual studio and supported by a technical team during the entire webinar.

● Course content

SDL Trados Studio

During this session, you will cover some theoretical concepts related to the use of CAT tools in general. You will also be guided through the potential of SDL Trados Studio and get a detailed overview of the tool. Our trainer will also be able to answer all enquiries you may have about its operation.

Memo Q

During this session, you will quickly review some theoretical concepts related to CAT tools. You will also be guided through the potential of Memo Q and get a detailed overview of the tool. Our trainer will also be able to answer all enquiries you may have about its operation. Finally, you will be able to put the two tools in relation to one another and compare their usage.

For both sessions, you will also get much additional info for self-study, including videos and guides, for use after the workshop, including info to access limited free trials of the tools. This way you will be able to try them in your own time using what you have learned during the workshop.

We will provide you with a certificate of attendance so that you can validate the training as CPD.
